end November 2014**

Every little helps

PRODUCTS WITH NO GLUTEN CONTAINING INGREDIENTS

If you are trying to avoid gluten in your diet, or have been advised to do so for medical reasons, you may want to use this list as a guide to help you when choosing Tesco own-label products.

Products listed here are made without gluten containing cereals. This means that the following cereals are not used as ingredients;

Wheat

Barley

Oats

Rye

Products derived from these ingredients (and which still contain the gluten protein)

Products listed here are not guaranteed to be free from all gluten as this has a specific legal meaning

This list may also be used by those who are avoiding wheat in their diet.

This list does not include foods in the following groups because these are not processed and do not usually contain gluten;

- Unprocessed fruit and vegetables
- Fresh and frozen unprocessed meat
- Fresh and frozen whole fish and fish fillets
- Milk and cream
- Eggs

Allergy App

We have teamed up with FoodWiz to provide our product data for a smart phone app. Foodwiz instantly identifies allergens in Food and Drink using the camera on smart phones. Simply point the smart phone camera at the barcode on the product packaging, and the FoodWiz App will identify the product by the barcode, and display whether the product matches your lifestyle.

Although all the information on allergies and nutrients is on our product labels, we know customers want to see at a glance whether a product is suitable or not for their specific needs. Foodwiz is a great application because it is so quick and simple to use and is also supported by Allergy UK. www.foodwiz.co

What else does Tesco do to Help?

Labelling

European legislation means we have to label certain allergens. We do this in two ways:-

1. All ingredients are listed in the ingredients list – however small an amount is added
2. We put an allergy advice box on the back of pack.

Free From Range

Tesco have developed a range of products for customers with food allergies or intolerances. The range consists of over 150 everyday items such as bread, cakes, biscuits, pasta, desserts, sauces, cereals and snacks. There is also a range of frozen and chilled products in larger stores.

The range is all wheat and gluten free and some products are milk free too.

Tesco products labelled as gluten free have less than 20 ppm (parts per million) gluten.

For further advice and information about gluten free diets, please consult your doctor or dietician or contact:

Ingredients: Cannot guarantee nut free.
Factory: Before being prepared for manufacture of this product, the equipment was previously used to make products containing nuts.

 **Allergy advice**

Contains milk, wheat, gluten.

5 **Recipe: Contains particular nut.**
May contain traces of other nuts.

While every care has been taken to ensure this information is correct, food products are constantly being reformulated and ingredients lists altered.

We would therefore recommend that you do not rely solely on this list and always check products labels.

Although this list will be regularly updated, Tesco are unable to accept liability for any incorrect information.

The information given in this list applies to Tesco own-label goods only. No branded goods are included in this list. Should you require information for an individual branded good stocked by Tesco, you will have to contact the manufacturer direct.

Pack quantities are specified in the list and where they are customers should use these when selecting products. Suppliers may supply different size products and not all sizes therefore may be suitable for gluten free diets.

INGREDIENTS LISTS SHOULD ALWAYS BE CHECKED AS RECIPES MAY CHANGE.
